

HERITAGE HERALD

Volume 2, Issue 3

October 2016

Next Step....The Future!

Though we have many other school goals to still accomplish, it is always fun to look towards the future. Many of the high school students at Heritage already have ideas in mind, and here are a handful of them.....

"I want to attend college to pursue a degree in environmental science." – Savannah K.

"I want to go to a community college, and hopefully, I will graduate with a degree in the culinary arts." – Austin J.

"I want to go to college and eventually, be a lawyer." – Maddie C.

"In 5 years, I would like to be a cartoonist." – Alexis H.

"After high school, I'd like to join the Army Rangers." – Nico F.

The future is bright for all of our students, and we believe in every one of you. If you put forth great effort, your lofty goals will be attained.

Sanctuary Corner

Safety, one of the components in the SELF model, has been a topic of discussion this year. A goal we have set for the building is not only to help others feel safe, but also to express verbally when we do not feel safe. Through respect for one another and some respectful open communication, we have helped one another feel more comfortable at school. Students have left one another feeling safe through kindness, care, compassion, respect, and several other things. The emotional, physical, moral, and social safety of Heritage is at an all-time high thanks to the great effort by everyone. The staff is extremely proud of our students' dedication, so let's keep it up, y'all!
